WINNING AWARDS

Competition in the Comics Registry rewards completeness and condition. You simply enter the CGC certification number of your comics into appropriate slots in pre-defined competitive sets. Every comic book receives a "score" or point value associated with its scarcity, desirability, and certified grade. You can upload pictures, write descriptions, or even tell the story of how you purchased a comic book and why it's one of your favorites... and there are awards for the Best Presented Sets, too!

Once entered, your collection appears alongside others, ranked by their overall score. Top ranking sets are eligible for Best in Category awards, as well as elite awards for the Best Overall Sets.
